**Pg.D. Dispute Resolutions Practice**

The Postgraduate Diploma in Dispute Resolution Practice gives a wide aspect of knowledge to students the commonest dispute resolution tools (Negotiation, Mediation, and Arbitration) that are used in the community, commercial, and international trade conflicts. Students will be taught on the application and mechanisms these instruments were used, and the recognition of these tools by judiciaries in different countries. In order to supplement students on the practical legal limitations and compliance, they are offered the foundation-knowledge in the legal aspects. At this programme, students will participate in the core modules and their choice in elective modules are on different specialties in respective dispute resolution instruments.

**Pg.D. Legal Practice and Dispute Resolution Advocate**

The Postgraduate Diploma in Legal Practice and Dispute Resolution Advocate aims to provide all-rounded knowledge to the students on legal and dispute resolution advisory work to the clients. It equips students the competence as the advisor to their representing clients in businesses. This programme focuses on enhancing students with rich knowledge in business risk management and negotiations, and legal knowledge. Meanwhile, they are required to understand the fundamental understanding of the application of dispute resolutions (mediation & arbitration). The flexibility of the programme’s elective modules selection applies to both the advance and specialty topics in respective dispute resolution tools.

**Pg.D. Finance and Wealth Management**

The Postgraduate Diploma in Finance and Succession is designed for students who are working in the finance, wealth management, and business sectors, also individuals interested in the knowledge in these industries. This programme aims to equip students with the knowledge and skills to analyse and deal with the issues in finance business and succession, supporting their clients to make strategic plans and put forward decision making management in their assets. In comparison, this course weighs heavily on topics including asset management, succession, taxation, and legal practice. Moreover, this programme would also touch on one of the dispute resolution tools, but students have the flexibility to choose an focus on either mediation or arbitration. More importantly, this programme offers the most selectable options in elective modules for choosing.
